

For Day-4 Tasks

For task-2 and task-3 as the given API link is not working I have taken the following API link (which was given during the day-4 class).

<https://raw.githubusercontent.com/rvsp/restcountries-json-data/master/res-countries.json>

For task-2 and task-3, the .js and .html files are:

Task-2-----> Day4Task2.js and Day4Task2.html

Task-3-----> Day4Task3.js and Day4Task3.html
